

## **Fort St John School District selects Akuter Enterprise**

Vancouver, BC (June 14, 2004) — **Akuter Technologies Inc.** (Akuter), developer of a unique Enterprise Knowledge Management software for regulation and certification driven organisations, announced today that Fort St John School District (SD#60) has selected Akuter Enterprise as their eLearning System of choice for creating, delivering and managing their staff orientation, compliance and learning materials over the Intranet/Internet.

Akuter will allow the School District to utilise the power of the Internet and the intelligent server delivery to effectively communicate and train faculty, staff and students. Akuter Enterprise is a server-driven adaptive learning management system that will empower Fort St John School District to create, manage and track training and results.

**Ernie Inglehart**, Secretary-Treasurer for the School District, commenting on the mission statement of the School District, said: “Our goal is to inspire students to develop the knowledge, skills and attitudes essential for participation in our changing society, by creating a supportive learning environment and demonstrating our commitment to quality.” Mr. Inglehart added, “Our communications plan is to promote the strengths, successes and uniqueness of the Fort St John Public School System. With this in mind, we have selected Akuter as a business partner. The Akuter Enterprise is a revolutionary product that will help us meet our knowledge and skills objectives. We believe that the Akuter system will play an important roll in developing the knowledge, skills, and attitudes essential to meet these goals.”

**Didier Bourgeot**, Akuter President & CEO, said, “We are very proud with the Fort St John School District decision to use Akuter Enterprise and we look forward to partnering with them towards a successful deployment of their online learning, compliance and certification strategy.” He also added: “The Fort St John School District choice of Akuter’s technology confirms the unique benefits offered by our approach and model of the knowledge management market.”

### **About Fort St John School District:**

The Peace River North School District is located on the eastern side of the Rocky Mountains in the northern tip of the Canadian Prairies. The region’s economy is both prosperous and expanding. This positive economic outlook is based on the petro-chemical, agriculture, forestry, tourism and commercial/service industries. The availability of employment has an impact on the secondary student population with estimates of 70% of our secondary students working between 14 and 40 hours weekly.

The district’s schools provide education services to 5792 students. Our schools range in size and number including an Open Learning School, three two-room rural schools and four kindergartens to secondary grade schools. The major center, Fort St. John, hosts six modern elementary schools, two junior secondary schools, and one large senior secondary school. There are also three elementary schools in the surrounding communities of Taylor, Charlie Lake and Baldonnel. The district also hosts one of the nine provincial Distance Education schools, which serves the northeast region and parts of the Northwest Territories.
