

Vancouver, BC (4/23/2004) — **Akuter Technologies Inc.**, developer of a unique Enterprise Knowledge Management System for regulation driven industries, announced today that **Senayque Consulting Services (SCS)**, a consulting and training company in the field of Air Navigation and Project Management has selected **Akuter Enterprise** to address their customers' needs for compliance and certification on line.

Senayque Consulting Services is a consulting and training company in the field of Air Navigation and Project Management. Didier Bourgeot, Akuter CEO, said, "We are proud to partner with Senayque Consulting Services, which has strong hands on experience in the fields of Project management and Air Navigation. Our partnership underlines Akuter's commitment to customer support and to providing the best possible solution to address their learning and compliance needs. Our partnership with Senayque Consulting Services is another professional endorsement of Akuter Enterprise, our innovative learning solution for fast business response. "

Akuter Enterprise will empower SCS's customers to develop their learning objects with Akuter Author and publish them from the Akuter Management System platform. Pierre Senay, SCS's President, said: "The ability to make information available rapidly to all who require it is of utmost importance in industries subject to regulatory scrutiny. Akuter Technologies has captured this requirement and developed an adapted solution. The Enterprise Knowledge Management System facilitates the creation, publication and distribution of material, streamlines the access to the material, and facilitates the validation and verification of the knowledge management process. Use of this system will increase productivity, streamline processes, and improve the knowledge situation awareness within an organization."

The AKUTER™ rapid development and deployment feature will provide a competitive advantage to SCS's customers by quickly developing, updating and publishing their learning and compliance materials to their extended enterprise.
